Geographic range of action

Qatar Charity is committed to working closely with vulnerable communities affected by poverty, crises, and distressing circumstances. The organization adopts a results-oriented approach to assess the needs and areas of intervention; subsequently, based on the results, our operational team decides on the intervention plan and strategy. Qatar Charity is keen on implementing this approach to realize intervention objectives and achieve tangible change. Moreover, Qatar Charity provides direct communication channels with beneficiaries to coordinate and plan humanitarian action according to their needs, while acting as connecting platform between communities and decision-makers to ensure dignity and prosperity for all
